SUMMARY

Encouraging to strive for higher levels of professional success and continuously improve on daily basis. Eager to utilize my innovative abilities and skills for the accomplishment of the projects.

TECHNICAL SKILLS

Programming languages:

C++, Java

Technologies:

HTML, CSS, JavaScript,
Node JS, React Js, Git &
GitHub, WordPress

Data Management:

MySQL, MongoDB

Operating System:

Windows & Linux

CERTIFICATIONS

- Basic and Advanced Linux | RHCSA | Feb'23
- Database Management System | Infosys | Jul'23
- Android App Development | Techvanto Academy | Jul'22
- Wind energy | Technical University of Denmark | Mar'22

POWER SKILLS

- Leadership
- Problem Solving
- Teamwork
- Project Management

EXTRA-CURRICULAR ACTIVITY

- CBSE cluster 200m silver medal
- Youth national in football | Sep'17

PROJECTS

- Portfolio | Domain: Web development | Technologies: HTML, CSS, JavaScript Jan'23
 - Implemented a comprehensive information architecture for showcasing skills, achievements, and professional journey, resulting in a 50% increase in recruiter engagement and a 20% higher callback rate for job applications.
 - Developed the website layout using HTML, designed the page with CSS, and implemented interactive features with JavaScript.
- Ecommerce App | Domain: Web development | Technology: React Oct'22
 - Implemented and maintained front-end web application, resulting in 20% reduction in page load speed and conversion rate by using react js and best practices for user experience and accessibility.
 - Revamped the application by implementing key features including a user-friendly search bar, advanced product filters, and a seamless shopping cart experience; resulting in a 35% increase in average order value and a 20% boost in customer satisfaction.
- Minor Projects Oct'23
 - SpeechToText convertor | Domain: Web development
 - Streamlined user interface development process by introducing react js, reducing development time by 30% and enabling faster iterations and feature releases.
 - Spearheaded the integration of powerful hooks like react-speech-recognition and react-use-clipboard, revolutionizing the user interface and driving 20% boost in overall user satisfaction. Apr'22
 - Online FIR System | Domain: Python | Language: Python
 - Assisted in the development of the front-end part of the application, resulting in positive impact on the team's performance.
 - Developed charismatic and smooth user interface and created a user-friendly feature to enhance customer experience.

ACHIEVEMENTS

- 2 – start rating on Codechef Jul '23
- Solved 150+ questions on Leetcode and GFG platform. Jun '23
- Made place in top 20 teams in Smart India Hackathon. Aug '22

EDUCATION

- B.Tech. in Computer Science Apr '20 - Present
Lovely Professional University | Phagwara, IN
CGPA 7.68
- Higher Secondary Jun '19 - Mar '20
Nandi PU College | Karnataka, IN
CGPA 9.4
